

2022 Annual Convention

The PLCAC celebrated its 68th Annual General Meeting and the much-anticipated return of its Annual Convention, May 2 – 6, 2022, in Maui, HI. Over 370 delegates assembled for this exciting, informative and memorable reunion in Maui. The Convention was held at the Hyatt Regency Maui Resort and Spa, which played host to beautiful ocean views and remarkable sunsets.

Representatives from PLCAC’s Regular and Associate members were in attendance, along with representatives from the four craft pipeline unions, sister associations and owner clients, allowing delegates to exchange ideas and expand their pipeline construction contacts while attending events.

The PLCAC had many networking opportunities planned for delegates and their families. The morning business sessions featured industry and motivational speakers and the annual golf tournament at the stunning Ka’anapali Royal Golf Course. “The Old Lahaina Lu’au” event was rich with tradition and entertainment, and the “Under the Sea” theme party was a night to remember. Various tours and activities were available, allowing delegates to enjoy and explore the island of Maui from several different perspectives.

A very special thank you to all delegates who attended and to all sponsors for making the 68th PLCAC Annual General Meeting & Convention a truly unforgettable event.
